

Session 2: Youth leadership for Accelerating SDG implementation & Design Thinking - Sustainable Consumption and Production

SDG 12 – Ensuring Sustainable Consumption and Production Patterns is...

UN DESA Sustainable Development @SustDev · Jul 15

#SDG12: Disposal of electronic & electrical equipment has become a fast-growing #waste stream, driven by growing consumption, short product life cycles & limited repair.

12 RESPONSIBLE CONSUMPTION

TARGET 12.5

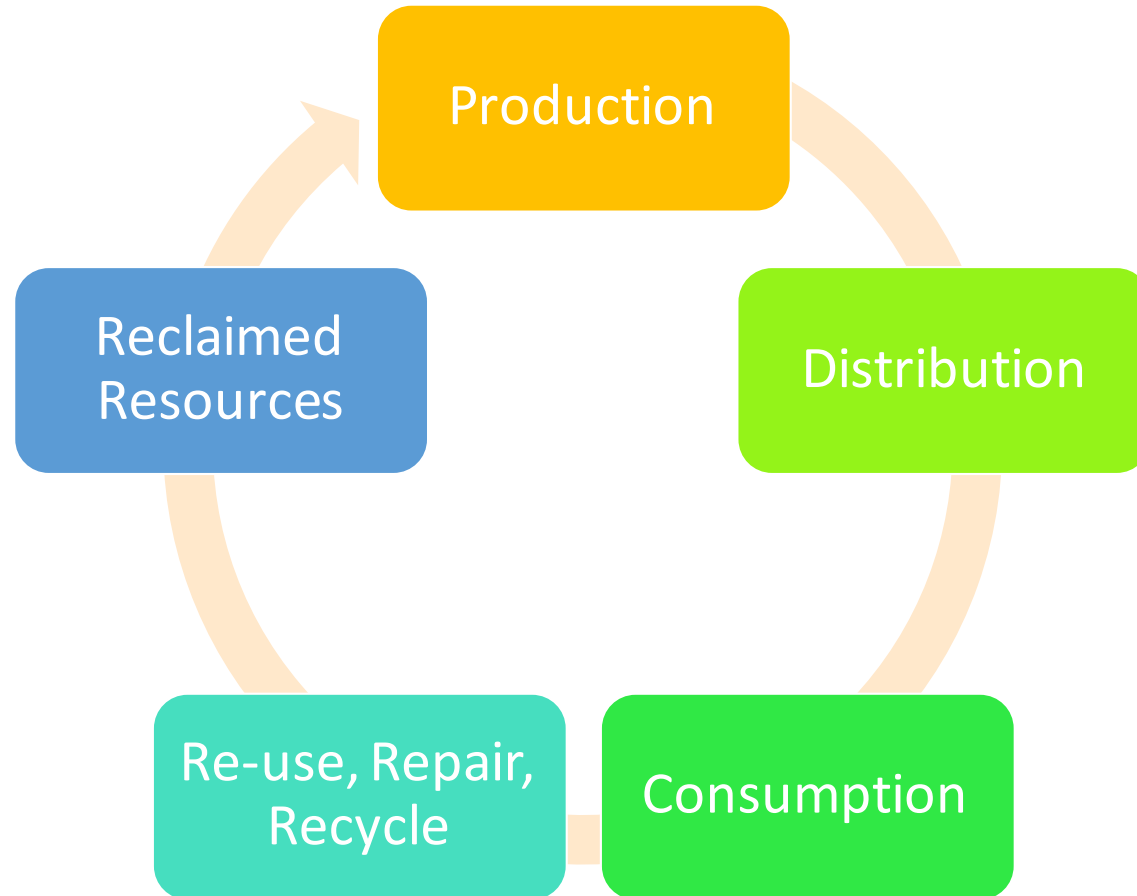

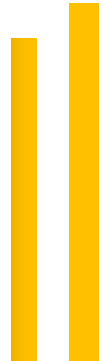

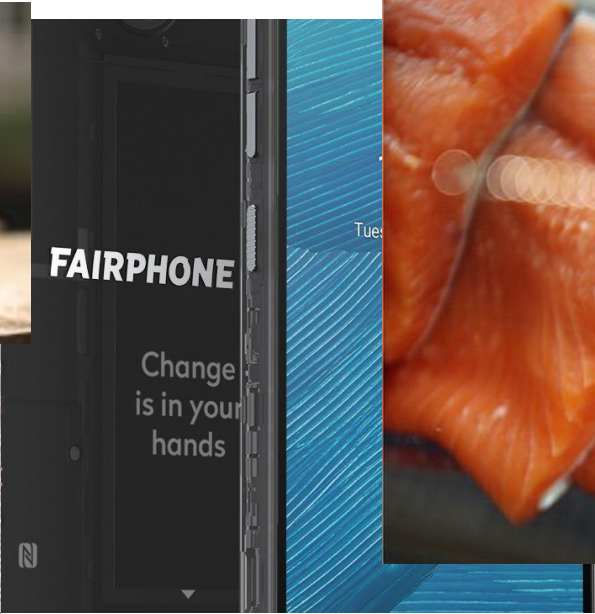

SUBSTANTIALLY REDUCE WASTE GENERATION

SDG 12 – Ensuring Sustainable Consumption and Production Patterns

Goal: From linear to circular economies...

Take>make>waste to...

What does sustainable consumption and production + design look like?

Thank you.
