

USING SDG 6 POLICY SUPPORT SYSTEM (SDG-PSS) IN “CÔTE D’IVOIRE”

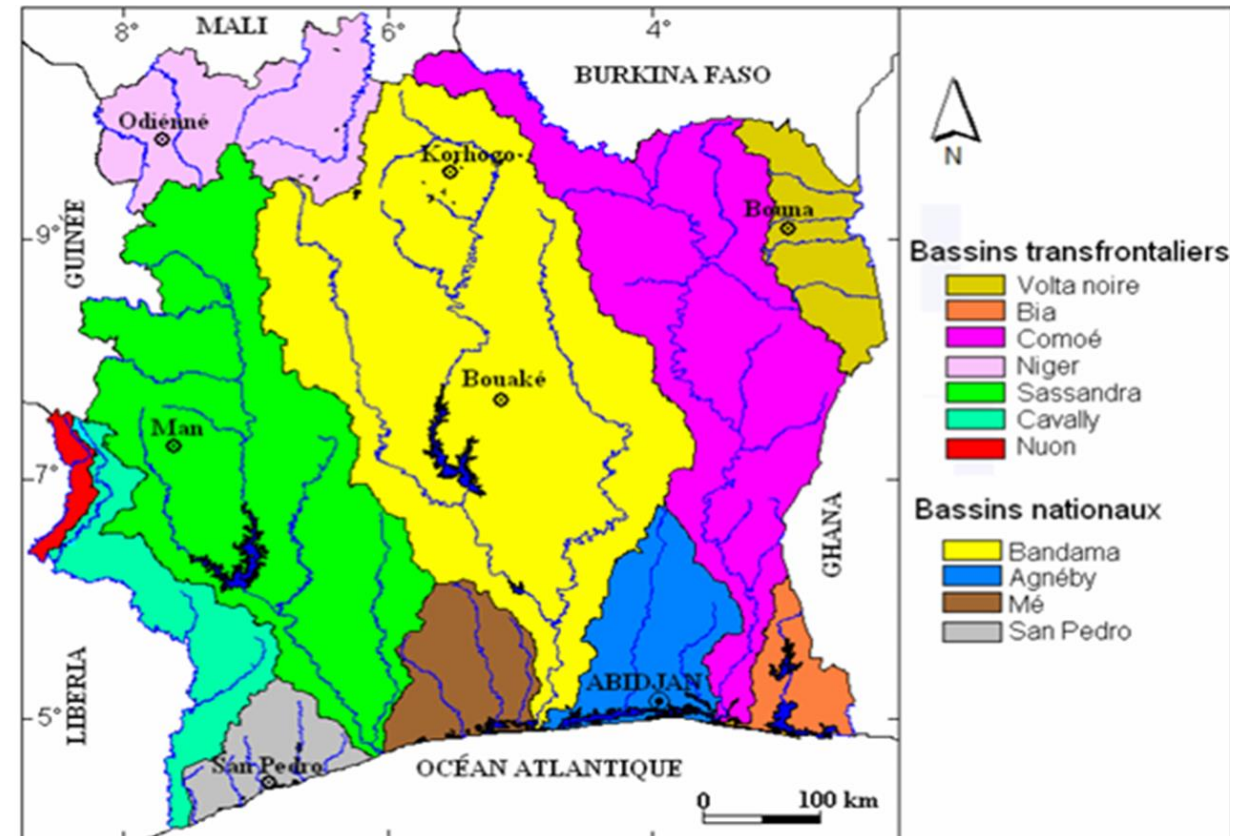

KOUAKOU Serge-Stéphane from Ministry of Forests and Water

Overall status of SDG 6 at the national level

In Côte d'Ivoire, surface waters are plentiful. There are **4 national watersheds** (Agnéby, Bandama, Mé, San Pedro) and **7 transboundary river basins** (Bia, Cavally, Comoé, Niger, Nuon, Sassandra, Volta Noire). There is about **235 watercourses** (MINEF, 2022).

- ✓ **Indicator 6.1.1** Proportion of population using safely managed drinking water services
- ✓ **Indicator 6.2.1** Proportion of population using safely managed sanitation services, including a hand-washing facility with soap and water
- ✓ **Indicator 6.a.1** Amount of official development assistance spent on water and sanitation in a government-coordinated spending plan

Carte des bassins versants de la Côte d'Ivoire

Overall status of SDG 6 at the national level

The main Challenges :

- Operationalization of an Integrated Water Resources Management framework;
- Strengthening access to drinking water sources in rural areas : **71% in 2022**;
- Implementation of an improved sanitation system in rural areas;
- Implementation of urban sanitation master plans should increase wastewater disposal network and the treatment of wastewater.

We think about 90% of the people living in Côte d'Ivoire will benefit if we achieve SDG6.

National agencies involved in SDG 6 achievement

- **Ministries**

- Ministry of Waters and Forests
- Ministry of Hydraulics and Sanitation
- Ministry of Economy, Plan and Development
- State Ministry, Ministry of Agriculture and Rural Development
- Ministry of Health, Public Hygiene and Universal Health Insurance
- Ministry of National Education and Literacy
- Ministry of Mines, Oil and Energy
- Ministry of the Budget and Finance
- Ministry of Trade, Industry and Promotion of SMEs
- Ministry of the Environment, Sustainable Development and Ecological Transition
- Ministry of Construction, Housing and Urban Development

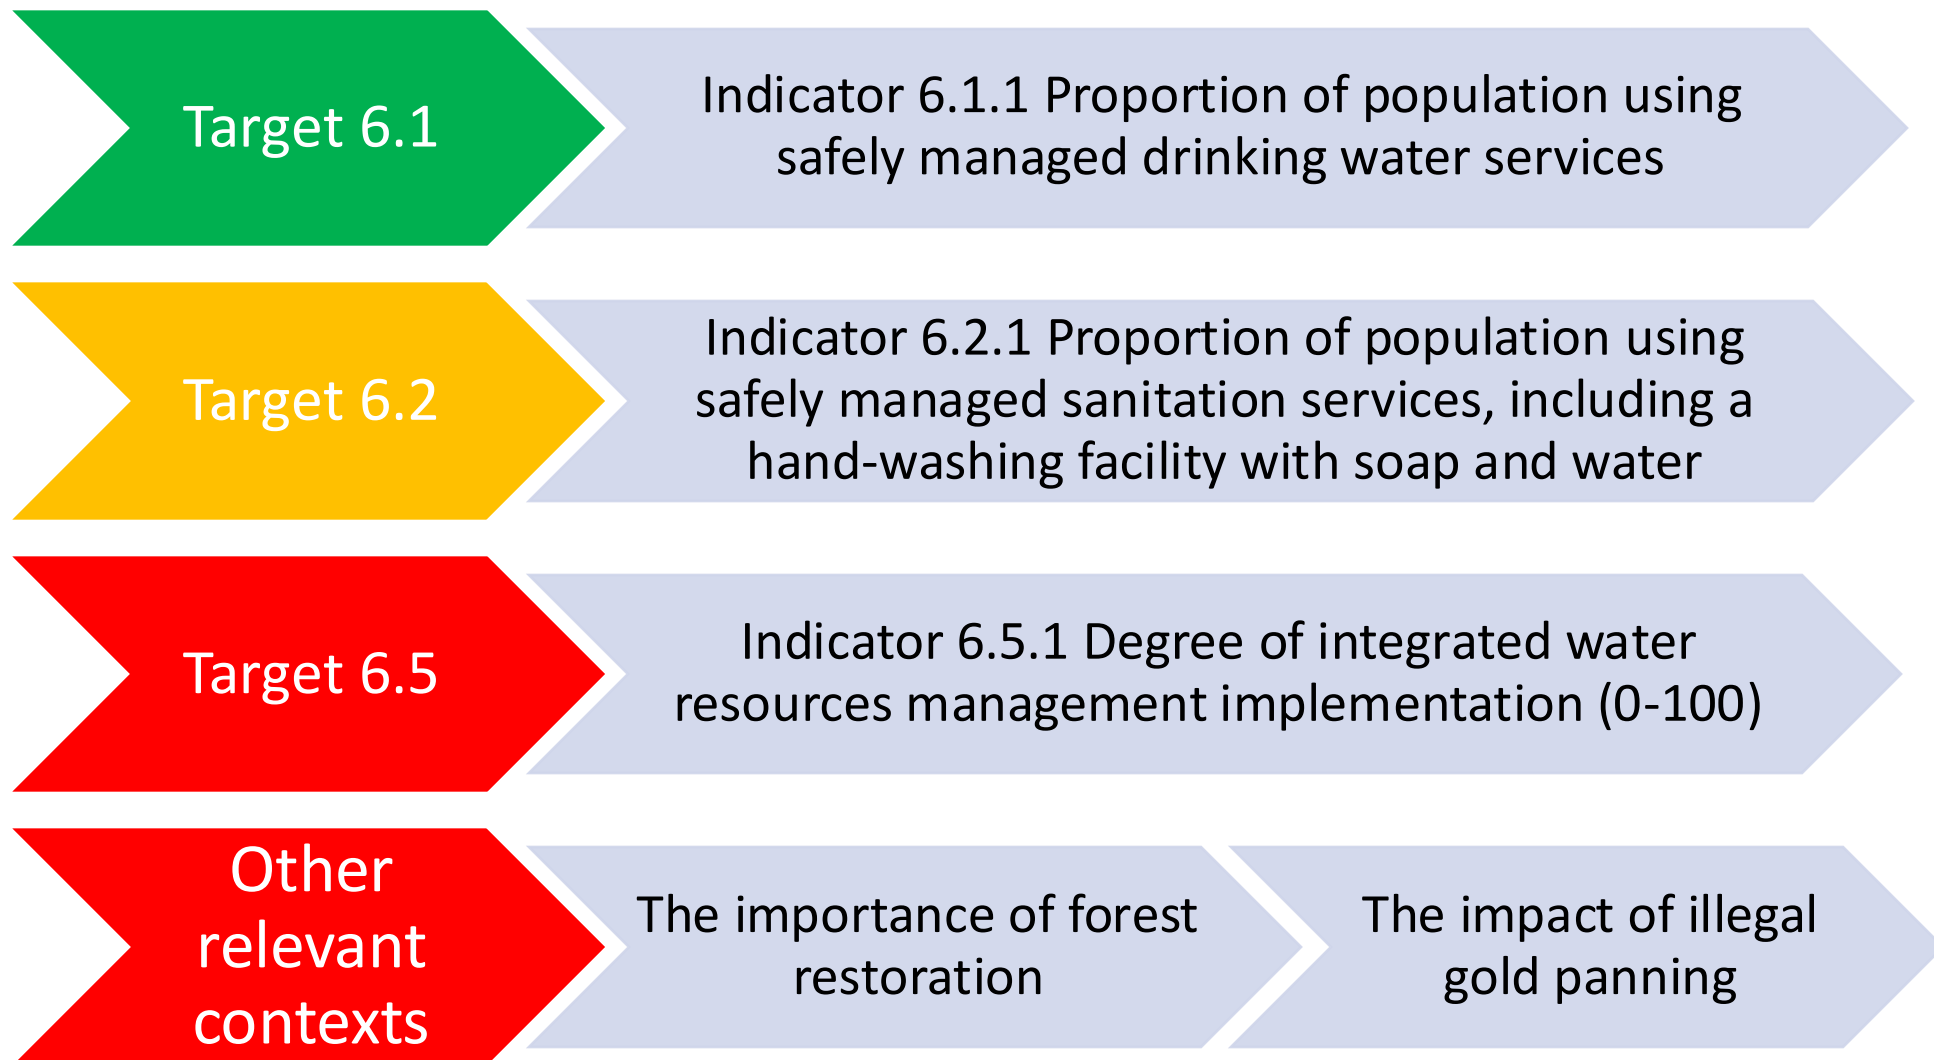

- **National organizations**

- Office National de l'Assainissement et du Drainage (ONAD)
- Airport, Aeronautics and Meteorology Operation and Development Company (SODEXAM)
- Water Distribution Company of Côte d'Ivoire (SODECI)
- Ivorian Electricity Company (CIE)
- Ocean Research Center (CRO)
- National Civil Protection Office (ONPC)
- Ivorian Antipollution Center (CIAPOL)
- National Institute of Statistics (INS)

- **Any other relevant organizations**

- Africa Water Association
- AMCOW
- FAO
- etc.

Most important SDG 6 target(s) and indicator(s)

Reflections on SDG-PSS and its online course

As I said in 2023, in Kenya:

- Data entry :
 - Don't have / uncollected data
 - Difference between data in the tool
- Importance of courses
 - Understand the use of the tool
 - Generate a report with all the information
 - work with other contributors at the same time

Relevance of SDG-PSS Components

- All component are essentials
 - Some of them must be improved to allow users to give more flexibility : components
 - courses could give information about the information we can use to fill in the component tool;
