

UNDESA Incheon Workshop “From Lisbon to Nice: Implementing  
SDG 14 with the Communities of Ocean Action”  
14-15 November 2023, Incheon, Republic of Korea

*Key Takeaways from academic  
point of view*

Yoshinobu Takei

Associate Professor, Faculty of Law, Keio University

# What we have learned

- 2022 UNOC
  - Successes
  - Lessons learned
- 2025 UNOC
  - Vision and the way forward
- Ocean data: access, collection, coordination, cooperation
  - Limited data and databases available for some targets
  - Best practices, innovative solutions, challenges
- VCs and COAs
  - Challenges
  - Opportunities

# After going back home

- Take full advantage of the DESA Mapping Report
- Report on progress in delivering VCs & share lessons learned
- Intensify the activities of COAs, possibly with Member States
- Participate in the Stakeholder Meeting in June 2024 & the 2025 UN Ocean Conference
