

# 2024 Executive Training Course for Policymakers on the 2030 Agenda for Sustainable Development

Aligning the 2030 Agenda and the Paris Agreement  
– Integrating SDG Implementation and Climate Action

7 - 10 May, 2024, Incheon, Republic of Korea

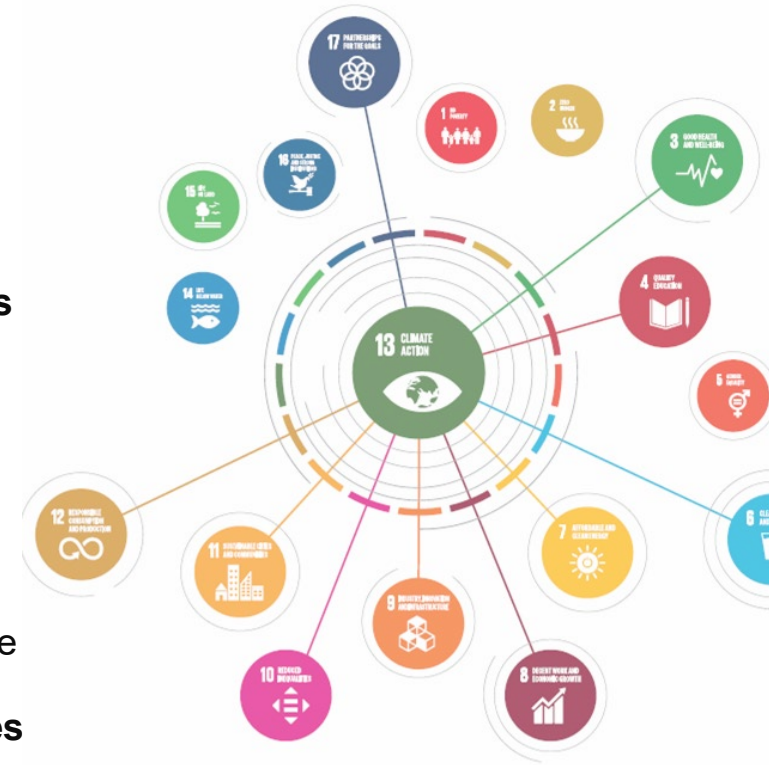

# Goal and Objectives

## Goal

Enhance the **knowledge, skills, mindsets, and overall capacities of member states** in implementing sustainable development **planning and policymaking** through an integrated approach.

## Specific objectives:

- Strengthen practical **knowledge and skills for aligning and integrating SDG planning and climate action** through VNRs and NDCs, including through a practical focus on investment, financing and data methods for integrated development of these instruments.
- Facilitate **networking and the exchange of proven practices and cases** among public policymakers.
- Foster **peer-to-peer collaboration and enhance partnership-building capacities** across government agencies and departments to ensure **integrated and evidence-based policymaking and reporting on sustainable development and climate action.**

# How have things changed? World

Change captured by a range of socioeconomic and environmental indicators, measured relative to the first year.
