Session 14: Country Action Plan Exercise on Financing, Data, Stakeholder Engagement for VNR and NDC Alignment

Facilitators:
Ms. Lichia Saner-Yiu

Consultants, UN DESA/
Centre for Socio-Eco-Nomic Development

Objective of the Session

- To contribute to the individual and national effort of aligning NDC with SDGs
- To facilitate the learning transfer back to one's workplace and institution
- To concretise the post-training review (six months from now) by using an evidence based approach

Action Planning

- Work in country pairs
- Scan the landscape of ideas that have been generated to date in our community
- “Ambassadors” will be available to explain the work outputs on Energy, Transport, Land & Agriculture and Industry
- Identify a few ideas that you would like to pursue once having returned home

Assessment of the action

1. What will be the **action** that your team will take once back home?
2. What could be the **impact** when implemented?
3. What could be the **constraint(s)** preventing success?
4. What **risk** could be anticipated?

Aligning the 2030 Agenda and the Paris Agreement – Integrating SDG Implementation and Climate Action

Action Plan Template

Based on what you have learned in the training these last days, please share at least two actions you can take in the short, medium and long-term to support integrated SDG and climate action in your national context. This template is a guide to think about follow-up and applying knowledge and lessons learned. These actions can be personal for your development or actions you can take to make a change in your local institution and country as a whole. See the examples provided below. For questions or comments please contact your facilitator(s).

Individual or Institutional	Short-term (1-3 weeks later)	Impact (H, M, L), Suggested Measurement	Constraint (H, M, L), List	Risk (H, M, L), List	Medium-term (2-6 months later)	Impact (H, M, L), Suggested Measurement	Constraint (H, M, L), List	Risk (H, M, L), List	Long-term (1 year or more)	Impact (H, M, L), Suggested measurement	Constraint (H, M, L), List	Risk (H, M, L), List
<i>Example - Institutional</i>	<i>Reporting back - I will share what I learned to my team and office colleagues</i>				<i>I will develop a project proposal for my ministry</i>				<i>I will develop an INFF or complete SDG and NDC budget tagging</i>
