

Using SDG 6 Policy Support System (SDG-PSS) in “Bangladesh”

•National agencies involved in SDG 6 achievement

- Local Government Division
- Ministry of Agriculture
- Ministry of Industry
- Ministry of Water Resources
- Ministry of Environment, Forestry and Climate Change
- Economic Relations Division
- Bangladesh Bureau of Statistics

Most important SDG 6 target(s) and indicator(s)

Target 6.1: By 2030, achieve universal and equitable access to safe and affordable drinking water for all

- **6.1.1:** Proportion of population using safely managed drinking water services

Reflections on SDG-PSS and its online course

- The course should be widely shared with key actors at National level.
- Awareness building among the policymakers on SDG-PSS is essential
- Capacity building on evidence generation through data should be more focused.

Overall status of SDG 6 achievement at the national level

- 59% of population using safely managed water services (JMP 2020).
- 98% of Total population using improved source of drinking water (PHC 2022).
- 88% of population using improved sanitation services (PHC 2022).
- 41% of domestic wastewater are safely treated which was in (WASA 2021).

Relevance of SDG-PSS Components

- Most relevant:

- Resource
- Data
- Reporting
- Questionnaire

- Not/least relevant: NA
