

# Using SDG 6 Policy Support System (SDG-PSS) in “Mongolia”

## National agencies involved in SDG 6 achievement:

- National Statistical Commission;
- Ministry of Construction and Urban Development;
- Ministry of Environment and Tourism;
- Ministry of Health;
- Ministry of Finance.

## Most important SDG 6 target(s) and indicator(s):

- At the National level, SDG 6.4.2. “Level of water stress: freshwater withdrawal as a proportion of available freshwater resources” of SDG 6.4.
- At the TRB level, SDG 6.3.1 “Proportion of domestic and industrial wastewater flows safely treated” of SDG 6.3.

## Reflections on SDG-PSS and its online course:

- Enabling to assess and see our current status and progress towards SDG 6.
- See strength, weaknesses and make a right decision to enable environment of SDG 6.

## Overall status of SDG 6 achievement at the national level:

### SDG6 – Clean Water and Sanitation

Population using at least basic drinking water services (%)	85.5	2020	●	↗
Population using at least basic sanitation services (%)	67.7	2020	●	↗
Freshwater withdrawal (% of available freshwater resources)	3.4	2018	●	●
Anthropogenic wastewater that receives treatment (%)	3.3	2018	●	●
Scarce water consumption embodied in imports (m <sup>3</sup> H <sub>2</sub> O eq/capita)	1823.8	2018	●	●

## Relevance of SDG-PSS Components:

- Most relevant:

The most relevant components among the SDG-PSS 6 components to Mongolia are **Capacity, Finance, and Policy and Institutional Assessments.**

- Not/least relevant:

**Name of presenter(s) and Affiliation:** Uranchimeg Tserendorj, Tsogzolmaa Khurelbaatar, Bolor-Erdene Naidansuren.

# SDG-PSS Summary Page (Optional)

At a time when the SDG target year is only a few years away, but most countries are struggling to meet SDG 6, SDG-SPSS is a **timely** and **helpful tool** to assess the current situation and help policymakers make appropriate decisions to achievement of SDG 6.
