

Using SDG 6 Policy Support System (SDG-PSS) in “Saudi Arabia”

National agencies involved in SDG 6 achievement
Ministry of Environment ,Water and Agriculture. National Water Company, Saudi Water Partnership Company, Saline Water Conversion Corporation, Saudi Irrigation Organization, General Authority for Statistics, ministry of planning and economic development

Most important SDG 6 target(s) and indicator(s)
6.1: Achieve safe and affordable drinking water
6.4: Increase water-use efficiency and ensure freshwater supplies
6.5: Implement integrated water resources management

Reflections on SDG-PSS and its online course

SDG-PSS is a good tool that could be used at the national level to help in coordinating and achieving their goals. The online course is very helpful in navigating through the PSS portal

Overall status of SDG 6 achievement at the national level
National water strategy (2030)
Privatizing water sector
Increased water supply and sanitation
Integrated water resources management
National Water Law

Relevance of SDG-PSS Components

- Most relevant:
Capacity Assessment; Finance Assessment; Policy and Institutional Assessment
- Not/least relevant:
Gender Mainstreaming, Integrity

SDG-PSS Summary Page (Optional)
