

Using SDG 6 Policy Support System (SDG-PSS) in “Tajikistan”

National agencies involved in SDG 6 achievement in Tajikistan

Ministry of Energy and Water Resources of the Republic of Tajikistan
Ministry of Health and Social Protection of the Population of the Republic of Tajikistan
Committee for Environmental Protection under the Government of the Republic of Tajikistan
Main Department of Geology under the Government of the republic of Tajikistan
State Unitary Enterprise «Khojagii Manziliyu Communally»

Most important SDG 6 target(s) and indicator(s)

1. Safe and affordable drinking water
2. End open defecation and provide access to sanitation and hygiene
3. Improve water quality, wastewater treatment, and safe reuse
4. Increase water-use efficiency and ensure freshwater supplies
5. Implement IWRM
6. Protect and restore water related ecosystem
- 6a. Expand water and sanitation support to developing countries
- 6b. Support local engagement in water and sanitation management

Reflections on SDG-PSS and its online course

As water-related SDGs have expanded the water agenda developed, the capacity of countries to develop and implement evidence-based policies and build effective enabling environments in of the SDGs is critical. As the goal of the SDG-PSS is to bring together data and evidence that are collected from many different tools and resources, this platform will serve as a knowledge/lesson sharing hub for the alumni and other engaged institutions involved in achieving SDG 6.

Overall status of SDG 6 achievement at the national level

The International decade for Action «Water for Sustainable Development 2018-2028» enhance the implementation of the targets set for the water resources sector. It creates a broad platform to build up an accumulated experience and cooperation in this area. Moreover, a new Decade will contribute To a smooth transition to achieving the SDGs.

In 2016, the Republic of Tajikistan adopted the National Development Strategy for the period up to 2030. It defines the main directions, goals and objectives for achieving the Sustainable Development Goals in Tajikistan.

The National Development Strategy of the Republic of Tajikistan for the period up to 2030 also pays special attention to water.

GOALS AND PRIORITIES OF THE WATER SECTOR UNTIL 2030:

- Promotion water reform;
- Implementation of Integrated water resources management;
- Increasing availability of drinking water, sanitation and hygiene;

Relevance of SDG-PSS Components

Most relevant:

1. Integrity
2. Finance Assessment
3. Policy and institutional Assessment
4. Capacity Assessment
5. Disaster Risk reduction
6. Gender Mainstreaming
